

thinQ, Inc.
COMPETITIVE LOCAL EXCHANGE CARRIER TARIFF
Regulations and Schedule of Charges
Business and Residential Customers

The Company will mirror the exchange area boundaries as stated in the tariffs of Verizon Pennsylvania LLC Telephone Pa. P.U.C. Nos. 180A, 182, 182A, 185B and 185C and Verizon North LLC Telephone Pa. P.U.C. Nos. 1, 3, 5 and 6.

This Tariff Establishes Rates and Regulations for Local Exchange Service

This tariff has been filed with the Pennsylvania Public Utility Commission. Copies are available for inspection at the Company's place of business:

thinQ, Inc.
5420 Wade Park Blvd
Suite 100
Raleigh, NC 27607

The Company's Tariff is in concurrence with all applicable State and Federal Laws (including but not limited to, 52 Pa. Code, 66 Pa. C.S. and the Telecommunications Act of 1934, as amended), and with the Commission's applicable Rule and Regulations and Orders. Any provisions contained in this Tariff that are inconsistent with foregoing mentioned will be deemed inoperative and superseded.

EXPLANATION OF SYMBOLS

The following symbols shall be used in this tariff for the purpose indicated below:

- C To signify changed regulation.
- D To signify discontinued rate or regulation.
- I To signify increased rate.

TARIFF FORMAT

- A. Page Numbering - Page numbers appear in the upper right corner of the page. Each page is numbered sequentially. However, a new page is occasionally added to the Tariff. When a new page is added between those already in effect, a decimal is added. For example, a new page added between page 15 and page 16 would be page 15.1.
- B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Board of Public Utilities B New Jersey. For example, the 4th Revised Page 15 Cancels the 3rd Revised Page 15.
- C. Paragraph Numbering Sequence - Each level of paragraph numbering herein is subservient to its next higher level as shown:

2.1.1.A.1

APPLICATION OF TARIFF

The regulations and schedules of charges in this tariff govern the furnishing of local telephone service and facilities by thinQ, Inc., hereafter referred to as the Company within the service areas of Verizon Pennsylvania LLC and Verizon North LLC as identified in their respective tariffs.

In addition to the regulations and schedule of charges herein, this tariff is subject to specific regulations as set forth in 52 PA Code Chapter 64, "Standards & Billing Practices for Residential Telephone Services," and other regulations as may be prescribed by the PA PUC

This tariff supplements and governs all other applicable tariffs of the Company and also any tariffs or portions of tariffs of other companies with which this Company concurs.

Issued: February 5, 2016

Effective Date: February 6, 2016

Issued By: Aaron Leon, CEO
5420 Wade Park Blvd, Suite 100
Raleigh, NC 27607

DEFINITIONS

Certain terms used generally throughout this tariff are defined below.

Access Line: A circuit between the station protector on the Customer's telephone service or PBX to, and including, the serving central office main frame.

Advance Payment: Part or all of a payment required before the start of service.

Authorized User: A person, firm corporation, or any other entity authorized by the Customer to communicate utilizing the Company's service.

Business or Commercial Customer: In general, Business Customers are those who have access lines that terminate at offices, mills, stores or a business location. Business rates apply if the service is used primarily or substantially for business purposes even if the access line does not terminate at a business location, or if the access line has a business directory listing.

Call: A completed connection established between a calling station and one or more called stations.

Collect Billing: A billing arrangement whereby the originating caller may bill the charges for a call to the called party, provided the called party agrees to accept the charges.

Commission: The Pennsylvania Public Utilities Commission.

Company: thinQ, Inc., the issuer of this tariff.

Customer or Subscriber: The person, firm or corporation that orders service and is responsible for the payment of charges and compliance with the Company's regulations.

Direct Inward Dial (or "DID"): A service attribute that routes incoming calls directly to stations, by-passing a central answering point.

Host Telephone Company: The service provider, which is also the telecommunications public utility that provides 9-1-1 service to the county/municipality, and that houses the Automatic Location Identification (ALI)/MSAG data used for providing 9-1-1 service.

Hunting: Routes a call to an idle station line in a prearranged group when the called station line is busy.

ILEC: Incumbent Local Exchange Company.

Joint User: A person, firm or corporation that is designated by the Customer as a user of services furnished to the Customer by Company and to whom a portion of the charges for the service will be billed under a joint user arrangement as specified herein.

DEFINITIONS

LATA: A Local Access and Transport Area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192; or any other geographic area designated as a LATA in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4.

Local Exchange Carrier or (LEC): Denotes any individual, partnership, association, joint-stock company, trust or corporation engaged in providing switched communication within an exchange.

MSAG Content: The data elements of the MSAG (Master Street Address Guide) including (but not necessarily limited to) the data elements that are entered into the following fields A-I of a standard MSAG record:

- A. Tax area record
- B. Locality
- C. Street
- D. Thoroughfare
- E. Directional [where required]
- F. Even (E), odd (O), or all (A) [applied to house numbers]
- G. Low-high range of house numbers
- H. PSAP (Public Safety Answering Point)
- I. LAT/LONG (Latitude/Longitude) [where required]

MSAG Formatting, Format: Shall include changes to the identity of fields, order of fields, and number and arrangement of data elements in each field, and a telephone company's rearrangement or regrouping of such data, without changing the MSAG content, for purposes of validating against MSAG records.

Nonrecurring Charges or NRCs: One-time charges most often associated with installation, ordering, or account establishment.

Station-to-Station Call: A service whereby an End User places a non-Person-to-Person call with the assistance of an operator.

Person-to-Person Call: A service whereby the person originating the call specifies a particular person to be reached, or a particular station, room number, department, or office to be reached through a PBX attendant.

Recurring Charges (MRCs): The monthly charges to the Customer for services, facilities and equipment, that continue for the agreed upon duration of the service.

DEFINITIONS

Service Commencement Date: The first day following the date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service that does not conform to standards set forth in the Service Order or this tariff, in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and Customer may mutually agree on a substitute Service Commencement Date.

Service Order: The written request for Services executed by the Customer and the Company in the format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

Shared: A facility or equipment system or subsystem that can be used simultaneously by several Customers.

Telephone Company: A telecommunications public utility regulated by the Pennsylvania Public Utility Commission and which has or requests access to the county/municipality 9-1-1 system or connection to the serving selective router, including, but not limited to, local exchange carriers and competitive local exchange carriers. This term is synonymous with 'service provider'.

Telephone Company system: Reference to a service provider's own facilities-based network or, if operating as a nonfacilities-based competitive local exchange carrier, the facilities contracted by the Telephone Company for provision of service.

Two Way: A service attribute that includes outward dial capabilities for outbound calls and can also be used to carry inbound calls to a central point for further processing.

User or End User: A Customer, Joint User, or any other person authorized by a Customer to use service provided under this tariff.

REGULATIONS

2.1 Undertaking of the Company

2.1.1 Scope

The Company undertakes to furnish communications service pursuant to the terms of this tariff in connection with one-way and/or two-way information transmission between points within the State of Pennsylvania.

Customers and users may use services and facilities provided under this tariff to obtain access to services offered by other service providers. The Company is responsible under this tariff only for the services and facilities described herein, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own customers.

2.1.2 Shortage of Equipment or Facilities

- A. The Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by the Company, when necessary because of lack of facilities, or due to any other cause beyond the Company's control.
- B. The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.

REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.3 Terms and Conditions

- A. Service is provided on the basis of a minimum period of at least one month, 24-hours per day. For the purpose of computing charges in this tariff, a month is considered to have 30 days.
- B. Customers may be required to enter into written Service Orders which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff. Customers will also be required to execute any other documents as may be reasonably requested by the Company.
- C. Where a term longer than one month has been specified herein, or in applicable contracts, the initial term will automatically renew for successive one (1) year periods (or as otherwise identified in an applicable contract), unless the Customer notifies the Company in writing of its desire not to renew at least sixty (60) days prior to the expiration of the then-current term, or unless the Company has already provided notice of its intent to terminate the Agreement.

In the event such an automatic contract renewal is determined to be unenforceable due to applicable state or federal law, the customer will revert to a month-to-month arrangement upon expiration of the initial term at rates specified herein. If month-to-month rates are not available under this tariff, the month-to-month rates charged for the expired term arrangement will equal 1.25 times the monthly rates charged for the service prior to the expiration of the term.

- D. Service may be terminated upon written notice to the Customer if:
 - 1. the Customer is using the service in violation of this tariff; or
 - 2. the Customer is using the service in violation of the law.

REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.4 Liability of the Company

- A. The liability of the Company for damages arising out of the furnishing of its Services, including but not limited to mistakes, omissions, interruptions, delays, or errors, or other defects, representations, or use of these services or arising out of the failure to furnish the service, whether caused by acts or omission, shall be limited to the extension of allowances for interruption as set forth in Section 2.6 of this tariff. The extension of such allowances for interruption shall be the sole remedy of the Customer and the sole liability of the Company. The Company will not be liable for any direct, indirect, incidental, special, consequential, exemplary or punitive damages to Customer as a result of any Company service, equipment or facilities.

- B. The Company shall not be liable for any delay or failure of performance or equipment due to causes beyond its control, including but not limited to: acts of God, fire, flood, explosion or other catastrophes; any law, order, regulation, direction, action, or request of the United States Government, or of any other government, including state and local governments having or claiming jurisdiction over the Company, or of any department, agency, commission, bureau, corporation, or other instrumentality of any one or more of these federal, state, or local governments, or of any civil or military authority; national emergencies; insurrections; riots; wars; unavailability of rights-of-way or materials; or strikes, lock-outs, work stoppages, or other labor difficulties.

REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.4 Liability of the Company (Cont'd)

- C. The Company shall not be liable for any act or omission of any entity furnishing to the Company or to the Company's Customers facilities or equipment used for or with the services the Company offers.
- D. The Company shall not be liable for any damages or losses due to the fault or negligence of the Customer or due to the failure or malfunction of Customer-provided equipment or facilities.
- E. The Company does not guarantee nor make any warranty with respect to installations it provides for use in a hazardous environment. The Customer indemnifies and holds the Company harmless from any and all loss, claims, demands, suits, or other action, or any liability whatsoever, whether suffered, made, instituted, or asserted by any other party or person(s), and for any loss, damage, or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, condition, location, or use of any installation so provided. The Company reserves the right to require each Customer to sign an agreement acknowledging acceptance of the provisions of this Section 2.1.4.E as a condition precedent to such installations.
- F. The Company is not liable for any defacement of or damage to Customer premises resulting from the furnishing of services or equipment on such premises or the installation or removal thereof, unless such defacement or damage is caused by negligence or willful misconduct of the Company's agents or employees.
- G. The Company shall be indemnified, defended and held harmless by the Customer against any claim, loss or damage arising from Customer's use of services, involving claims for libel, slander, invasion of privacy, or infringement of copyright arising from the Customer's own communications.
- H. The entire liability for any claim, loss, damage or expense from any cause whatsoever shall in no event exceed sums actually paid to the Company by the Customer for the specific services giving rise to the claim. No action or proceeding against the Company shall be commenced more than one year after the service is rendered.
- I. The Company makes no warranties or representations, express or implied either in fact or by operation of law, statutory or otherwise, including warranties of merchantability or fitness for a particular use, except those expressly set forth herein.

REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.4 Liability of the Company (Cont'd)

- J. Directory Errors - Company liability, if any, for its gross negligence or willful misconduct is not limited by this tariff. With respect to any other claim or suit, by a Customer or any others, for damages arising from errors or omissions in the making up or printing of its directories or in accepting listings as presented by customers or prospective customers, the Company liability, if any, shall not exceed the amount paid for local exchange service during the period covered by the directory in which the error or omission occurred.

2.1.5 Notification of Service-Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notification requirements. With some emergency or unplanned service-affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.

REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.6 Provision of Equipment and Facilities

- A. The Company shall use reasonable efforts to make available services to a Customer on or before a particular date, subject to the provisions of, and compliance by the Customer with, the regulations contained in this tariff. The Company will generally provide installation of service whereby seventy-five percent of regular installations are provided within five working days of the due date mutually agreed upon by the Company and the Customer. Company liability for any delays in commencing service to any Customer is set forth in Section 2.1.4 herein.
- B. The Company shall use reasonable efforts to maintain only the facilities and equipment that it furnishes to the Customer. The Customer may not, nor may the Customer permit others to, rearrange, disconnect, remove, attempt to repair, or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.
- C. The Company may substitute, change or rearrange any equipment or facility at any time and from time to time, but shall not thereby alter the technical parameters of the service provided the Customer.
- D. Equipment the Company provides or installs at the Customer Premises for use in connection with the services the Company offers shall not be used for any purpose other than that for which it was provided by the Company.
- E. The Customer shall be responsible for the payment of a Maintenance Visit Charge as set forth in 4.2.2 for visits by the Company's agents or employees to the Premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including, but not limited to, the Customer.
- F. The Company shall not be responsible for the installation, operation, or maintenance of any Customer-provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Subject to this responsibility, the Company shall not be responsible for:
 - 1. the transmission of signals by Customer-provided equipment or for the quality of, or defects in, such transmission; or
 - 2. the reception of signals by Customer-provided equipment.

REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.7 Universal Emergency Telephone Number Service (911, E911)

2.1.7.1 General

- A. The Service Access Code 9-1-1 allows the customer to reach the appropriate emergency services including police, fire and medical services. Enhanced 9-1-1 has the ability to selectively route an emergency call to the primary 9-1-1 provider so that it reaches the correct emergency service located closest to the caller. In addition, the Customer's address and telephone information will be displayed to the primary 9-1-1 provider for display at the Public Answering Point (PSAP).
- B. Pursuant to the Public Safety Emergency Telephone Act (Act 78 of 1990), as amended), the Telephone Company collects a fee from its customers on behalf of the counties in its operating area to support the 9-1-1 system. Counties of the first through second class may impose a monthly contribution rate in an amount not to exceed \$1 per line on each local exchange access line. Counties of the third through fifth class may impose a monthly contribution rate in an amount not to exceed \$1.25 per line on each local exchange access line. Counties of the sixth through the eighth class may impose a monthly contribution rate not to exceed \$1.50 per line on each local exchange access line. The contribution rate may be used by counties for the expenses of implementing, expanding or upgrading a 911 system.
- C. Parties dialing 9-1-1 waive the privacy afforded by non-listed and non-published service to the extent that the telephone number, names, and address associated with the originating station location are furnished to the Public Safety Answering Point.

REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.7 Universal Emergency Telephone Number Service (911, E911) (Cont'd)

2.1.7.2 Regulations

- A. The Telephone Company, whether supplying service through its own facilities or the use of an underlying carrier, will comply with the Protocols as set forth in, and in the form of Service Provider E-9-1-1 Protocols, Service Provider E-9-1-1 Questionnaire and Testing Procedures in accordance with the Petition of Bell Atlantic-Pennsylvania, Inc. for a Declaratory Order Relating to the Provision of Master Street Address Guides; Docket No. P-0097 1203; Settlement Agreement of all Parties and Joint Petition entered August 7, 1998 *MSAG Order*.
- B. The Telephone Company is indemnified under the Public Safety Emergency Telephone Act, Act 78 of 1990.
- C. The Telephone Company's liability and insurance provisions are fully stated in its tariff's General Regulations.
- D. Cases of Service interruptions affecting public health and safety shall receive priority attention under any and all conditions, particularly in time of disaster. Every appropriate resource will be utilized. The service provider will make reasonable best efforts to have its system fully functional as soon as possible, unless conditions beyond the service provider's control prevent service restoration.
- E. The Telephone Company will not use the county's/municipality's MSAG for any purpose that is not directly related to and required for the provision of 9-1-1 service.
- F. The Host Telephone Company will install the county's/municipality's MSAG in 'read/write' format and will not modify the content of the MSAG unless requested or permitted to do so by the county/municipality. A request to modify content by the Host Telephone Company shall be responded to by the county/municipality within (10) business days or the request is deemed to be approved. The request shall be in writing and shall set forth in reasonable detail the proposed modification and all reasons in support. The request shall be granted provided the modification is necessary for the Host Telephone Company's provision, maintenance, or upgrading of the 9-1-1 service.

REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.7 Universal Emergency Telephone Number Service (911, E911), (Cont'd)

2.1.7.2 Regulations (Cont'd)

G. The Telephone Company shall not otherwise modify the content of the MSAG, but may make formatting changes approved by the county/municipality necessary to enable the MSAG to conform to the telephone company's information system(s). The request shall be in writing and shall set forth in reasonable detail the formatting changes and all reasons in support. The county/municipality shall respond to the request in ten (10) business days or the request is deemed to be approved. The request shall be granted provided the formatting change does not impair the integrity and accuracy of the MSAG database. For the purposes of this regulation, a content or formatting change does not include the use of the MSAG content in telephone companies' operational support systems to validate customer information for input to the ALI database.

H. The Telephone Company will not sell, lease, rent, loan or provide, or transfer the county's/municipality's MSAG to any other person(s) or entity(ies) without the express written authorization of the county's/municipality's 9-1-1 coordinator, or his or her designee.

I. The Telephone Company will not, without the written consent of the county/municipality, modify or create any derivative of the county's/municipality's MSAG, except as follows: one (1) mirror image copy of the MSAG may be made in electronic form for archival purposes (the copy may be made in read/write format by the host telephone company, but shall be made solely in read-only format by all other telephone companies), and the telephone company may make a mirror image copy, solely in read-only format and only for database reconciliation, address verification for new connections of service, and other functions that are necessary to ensure that the name and address information provided by the service provider to the county/municipality is accurate and conforms to the county's/municipality's MSAG format.

2.1.8 Non-routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.9 Special Construction

Subject to the agreement of the Company and to all of the regulations contained in this tariff, special construction of facilities may be undertaken on a reasonable efforts basis at the request of the Customer. Charges for special construction will be developed on an individual case basis (ICB). ICB contracts will be filed with the Commission upon request. Special construction is that construction undertaken:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed;
- B. of a type other than that which the Company would normally utilize in the furnishing of its services;
- C. over a route other than that which the Company would normally utilize in the furnishing of its services;
- D. in a quantity greater than that which the Company would normally construct;
- E. on an expedited basis;
- F. on a temporary basis until permanent facilities are available;
- G. involving abnormal costs; and/or
- H. in advance of its normal construction.

2.1.10 Ownership of Facilities

- A. The Customer obtains no property right or interest in the use of any specific type of facility, service, equipment, number, process, or code.
- B. Title to all facilities utilized by the Company to provide service under the provisions of this tariff shall remain with the Company, its partners, agents, contractors or suppliers. Such facilities shall be returned to the Company, its partners, agents, contractors or suppliers by the Customer, whenever requested, within a reasonable period following the request in original condition, reasonable wear and tear expected.

REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.11 Pennsylvania Telecommunications Relay Service

A. General

The Pennsylvania Telecommunications Relay Service (PA TRS) is a relay telecommunication service for the deaf, hard of hearing, hearing and/or speech disabled population of the Commonwealth. The PA TRS is mandated by the Americans with Disabilities Act of 1990 to provide functionally equivalent telephone services that are available to other U.S. citizens, at no additional cost. The PA TRS includes both traditional relay (devices such as Teletypewriters (TTY) and Telecommunication Devices for the Deaf (TDD)) and captioned-telephone voice-carry-over relay services (captioned telephone). These relay services permit telephone communications between individuals with hearing and/or speech disabilities, who must use a TTY, TDD or captioned telephone, with individuals having normal hearing and speech. Additionally, 711 abbreviated dialing is available to access the PA TRS. The Company's switching equipment is arranged to translate the "711" calls to the assigned toll-free number, (888) 895-1197, in order to route calls to the Telecommunications Relay Service Provider, in accordance with Commission's Order entered on February 4, 2000 at Docket No. M-00900239.

where facilities are not presently available, and there is no other requirement for the facilities so constructed;

B. Surcharge

In addition to the charges provided in this tariff, a surcharge will apply to all residence and business access lines served by this Company. (Access lines are those lines extending from the telephone company's central office to the end-user's premises.) This surcharge applies regardless of whether or not the access line uses the PA TRS.

The surcharge serves as the funding vehicle for the operation of the PA TRS, Telecommunications Device Distribution Program and the Print Media Access Service Program and shall be calculated by the Pennsylvania Public Utility Commission (the Commission). The Commission shall compute the PA TRS surcharge each year and notify local exchange carriers of the surcharge amount to be applied for the twelve-month period commencing with July 1 of each year.

The Commission may revise the surcharge more frequently than annually at its discretion.

REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.11 Pennsylvania Telecommunications Relay Service

B. Surcharge (Cont'd)

Tariff revisions will be filed whenever the Commission calculates a new surcharge amount and notifies the Company.

The following surcharge rates apply to all customer bills issued on or after July 1, 2009.

Per residence access line, per month	\$0.08
Per business access line, per month	\$0.08

C. Rates

Local calls will be charged at the applicable local flat rate or local measured service rate. Toll calls will be charged at the applicable toll rate found in the selected long distance provider's rate schedule or current tariff. If the customer has not chosen a long distance carrier the default carrier's rates will apply for the toll calls.

REGULATIONS

2.2 Prohibited Uses

- 2.2.1. The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.
- 2.2.2. The Company may require applicants for service who intend to use the Company's offerings for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws and Pennsylvania Public Utilities Commission regulations, policies, orders, and decisions.
- 2.2.3. The Company may require a Customer to immediately shut down its transmission of signals if said transmission is causing interference to others.
- 2.2.4. A Customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company.

REGULATIONS

2.3 Obligations of the Customer

2.3.1 General

The Customer shall be responsible for:

- A. the payment of all applicable charges pursuant to this tariff;
- B. damage to or loss of the Company's facilities or equipment caused by the acts or omissions of the Customer, or the noncompliance by the Customer, with these regulations, or by fire or theft or other casualty on the Customer Premises, unless caused by the gross negligence or intentional misconduct of the employees or agents of the Company;
- C. providing at no charge, as specified from time to time by the Company, any needed personnel, equipment space and power to operate Company facilities and equipment installed on the premises of the Customer, and the level of heating and air conditioning necessary to maintain the proper operating environment on such premises;
- D. obtaining, maintaining, and otherwise having full responsibility for all rights-of-way and conduits necessary for installation of fiber optic cable and associated equipment used to provide Communication Services to the Customer from the point where the cable enters the building or crosses the property line to the location of the equipment space described in 2.3.1.C. Any and all costs associated with obtaining and maintaining the rights-of-way described herein, including the costs of altering the structure to permit installation of the Company-provided facilities, shall be borne entirely by, or may be charged by the Company to, the Customer. The Company may require the Customer to demonstrate its compliance with this section prior to accepting an order for service;
- E. providing a safe place to work and complying with all laws and regulations regarding the working conditions on the premises at which Company employees and agents shall be installing or maintaining the Company's facilities and equipment. The Customer may be required to install and maintain Company facilities and equipment within a hazardous area if, in the Company's opinion, injury or damage to the Company's employees or property might result from installation or maintenance by the Company. The Customer shall be responsible for identifying, monitoring, removing and disposing of any hazardous material prior to any construction or installation work;

REGULATIONS

2.3 Obligations of the Customer (Cont'd)

2.3.1 General (Cont'd)

- F. complying with all laws and regulations applicable to, and obtaining all consents, approvals, licenses and permits as may be required with respect to, the location of Company facilities and equipment in any Customer premises or the rights-of-way for which Customer is responsible under Section 2.3.1.D; and granting or obtaining permission for Company agents or employees to enter the premises of the Customer at any time for the purpose of installing, inspecting, maintaining, repairing, or upon termination of service as stated herein, removing the facilities or equipment of the Company;
- G. not creating, or allowing to be placed, any liens or other encumbrances on the Company's equipment or facilities; and
- H. making Company facilities and equipment available periodically for maintenance purposes at a time agreeable to both the Company and the Customer, such agreement not to be reasonably withheld or denied. No allowance will be made for the period during which service is interrupted for such purposes.

2.3.2 Claims

With respect to any service or facility provided by the Company, Customers shall indemnify, defend and hold harmless the Company from and against all claims, actions, damages, liabilities, costs and expenses for:

- A. any loss, destruction or damage to the property of the Company or any third party, or death or injury to persons, including, but not limited to, employees or invitees of either party, to the extent caused by or resulting from the negligent or intentional act or omission of the Customer, its employees, agents, representatives or invitees; or
- B. any claim, loss, damage, expense or liability for infringement of any copyright, patent, trade secret, or any proprietary or intellectual property right of any third party, arising from any act or omission by the Customer, including, without limitation, use of the Company's services and facilities in a manner not contemplated by the agreement between the Customer and the Company.

REGULATIONS

2.4 Customer Equipment and Channels

2.4.1 General

A User may transmit or receive information or signals via the facilities of the Company. The Company's services are designed primarily for the transmission of voice-grade telephonic signals, except as otherwise stated in this tariff. A User may transmit any form of signal that is compatible with the Company's equipment, but the Company does not represent that its services will be suitable for purposes other than voice-grade telephonic communication except as specifically stated in this tariff.

2.4.2 Station Equipment

- A. Terminal equipment on the User's premises and the electric power consumed by such equipment shall be provided by and maintained at the expense of the User. The User is responsible for the provision of wiring or cable to connect its terminal equipment to the Company point of connection.
- B. The Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The magnitude and character of the voltages and currents impressed on Company-provided equipment and wiring by the connection, operation, or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or to other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense.

REGULATIONS

2.4 Customer Equipment and Channels (Cont'd)

2.4.3 Interconnection of Facilities

- A. Any special interface equipment necessary to achieve compatibility between the facilities and equipment of the Company used for furnishing Communication Services and the channels, facilities, or equipment of others shall be provided at the Customer's expense.
- B. Communication services may be connected to the services or facilities of other communications carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs of the other communications carriers that are applicable to such connections.
- C. Facilities furnished under this tariff may be connected to Customer-provided terminal equipment in accordance with the provisions of this tariff. All such terminal equipment shall be registered by the Federal Communications Commission, and all User-provided wiring shall be installed and maintained in compliance with applicable regulations.

2.4.4 Inspections

- A. Upon suitable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth herein for the installation, operation, and maintenance of Customer-provided facilities, equipment, and wiring in the connection of Customer-provided facilities and equipment to Company-owned facilities and equipment.
- B. If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice, the Customer must take corrective action and notify the Company of the action taken. If the Customer fails to do this, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm.

REGULATIONS

2.5 Payment Arrangements

2.5.1 Payment for Service

The Customer is responsible for the payment of all charges for facilities and services furnished by the Company to the Customer and to all Users authorized by the Customer, regardless of whether those services are used by the Customer itself or are resold to or shared with other persons.

The Customer is responsible for payment of any sales, use, gross receipts, excise, access or other local, state, federal and 911 taxes, charges or surcharges, however designated, excluding taxes on Company's net income, imposed on or based upon the provision, sale or use of Network Services.

2.5.2 Billing and Collection of Charges

- A. Nonrecurring charges are due and payable from the Customer within 30 days after the invoice date, unless otherwise agreed to in advance.
- B. The Company shall present invoices for Recurring Charges monthly to the Customer, generally in advance of the month in which service is provided, and Recurring Charges shall be due and payable within 30 days after the invoice date. When billing is based on customer usage, charges will be billed monthly for the preceding billing periods.
- C. When service does not begin on the first day of the billing period, or end on the last day of the billing period, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.

REGULATIONS

2.5 Payment Arrangements (Cont'd)

2.5.2 Billing and Collection of Charges (Cont'd)

- D. Billing of the Customer by the Company will begin on the Service Commencement Date, which is the first day following the date on which the Company notifies the Customer that the service or facility is available for use, except that the Service Commencement Date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards set forth in this tariff or the Service Order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.
- E. A late payment charge of 1.25% per month or the highest interest rate which may be applied under state law for commercial transactions will be assessed to any balance carried forward to the next month's bill. Payment sent to the Company by mail must be received by the due date to avoid a late payment charge.
- F. The Customer will be assessed a charge of twenty-five dollars (\$25.00), or the actual fee incurred by Company from a bank or financial institution, whichever is greater, for each check submitted by the Customer to the Company which a financial institution refuses to honor.
- G. If service is disconnected by the Company in accordance with Section 2.5.5 and later reinstalled, service will be subject to all applicable installation charges. If service is suspended by the Company and later restored, service will be subject to all applicable restoration charges.

2.5.3 Advance Payments

For Customers whom the Company determines an advance payment is necessary, that advanced payment may be required for construction of facilities, furnishing special equipment, or temporary service for short term use. The Company reserves the right to collect an amount not to exceed two (2) months estimated charges as an advance payment for service. This will be applied against the next month's charges and a new advance payment may be collected for the next month, if necessary.

REGULATIONS

2.5 Payment Arrangements (Cont'd)

2.5.4 Deposits

When the Company determines an applicant is a credit risk or when the credit of an existing Customer has become doubtful, a Deposit may be required as security for the payment of future bills for service in accordance with the Company's written procedures for determining credit status. The Deposit requested will be in cash or the equivalent of cash and will be held as a guarantee for the payment of charges. A Deposit does not relieve the Customer of the responsibility for prompt payment of bills on presentation.

After service has been established and credit history and treatment demonstrates that the original deposit is not sufficient to safeguard the interests of the Company, the Company may require an adjustment of the Deposit not exceeding the local service and toll charge average for a two (2) month period.

Deposits will be returned to depositors who shall have paid promptly undisputed bills during a period of twelve (12) consecutive months. When service is terminated, any balance of the Deposit including accrued interest remaining after deduction of all sums due the Company will be returned to the Customer. Interest is paid on residential Deposits at a rate calculated pursuant to 52 PA Code §64.41.

This tariff is in compliance with the regulations set forth in 52 PA Code Chapter 64, "Standards & Billing Practices for Residential Telephone Services."

2.5.5 Disconnection of Service

- A. Upon non-payment of any amounts owing to the Company, the Company may, by giving requisite prior written notice to the Customer in accordance with 52 Pennsylvania Code §§64.61-64.63 discontinue or suspend service without incurring any liability.
- B. Upon violation of any of the other material terms and conditions for furnishing service the Company may, be giving thirty (30) days prior notice in writing to the Customer, discontinue or suspend service without incurring any liability if such violation continues during that period.

REGULATIONS

2.5 Payment Arrangements (Cont'd)

2.5.6 Cancellation of Application for Service

Applications for service cannot be canceled without the Company's agreement. Where the Company permits a Customer to cancel an application for service prior to the start of service or prior to any special construction, charges will be imposed as described herein.

- A. Where, prior to cancellation by the Customer, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs incurred by the Company, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charge as specified in Section 4 for the minimum period of services ordered, including installation charges, and all charges others levied against the Company that would have been chargeable to the Customer had service commenced.
- B. In addition to those charges specified in Section 4, where the Company incurs any expense in connection with special construction, or where special arrangements of facilities or equipment have begun, before the Company receives a cancellation notice, a charge equal to the costs incurred by the Company, less net salvage, applies. In such cases, the charge will be based on such elements as the cost of the equipment, facilities, and material, the cost of installation, engineering, labor, and supervision, general and administrative expense, other disbursements, depreciation, maintenance, taxes, provision for return on investment, and any other costs associated with the special construction or arrangements.
- C. The special charges described herein will be calculated and applied on a case-by-case basis.

2.5.7 Changes in Service Requested

If the Customer makes or requests material changes in circuit engineering, equipment specifications, service parameters, premises locations, or otherwise materially modifies any provision of the application for service, the Customer's installation fee shall be adjusted accordingly.

2.5.8 Duplicate Invoice Charge

A Duplicate Invoice Charge of \$25.00 will be applied on a per invoice basis to a Customer who requests a copy of a bill that has already been issued to such Customer, unless the Customer informs the Company, within 15 days of the issuance of the bill, that the original bill was not received. If a Customer or the Customer's representative, thereafter, requests additional copies of bills, a charge will apply for each requested bill.

REGULATIONS

2.6 Adjustments and Allowances for Interruptions

Credit allowances for interruptions of service which are not due to the Company's testing or adjusting, to the negligence of the Customer, or to the failure of channels, equipment or communications systems provided by the Customer, are subject to the general liability provisions set forth in Section 2.1.4 herein. It shall be the obligation of the Customer to notify Company immediately of any interruption in service for which a credit allowance is desired by Customer. Before giving such notice, Customer shall ascertain that the trouble is not within his or her control, or is not in wiring or equipment, if any, furnished by Customer and connected to Company's terminal.

2.6.1 Limitation on Allowances

No credit allowance will be made for:

- A. Interruptions due to the negligence of, or noncompliance with the provisions of this tariff by the Customer, authorized user, joint user, or other common carrier providing service connected to the service of the Company;
- B. Interruptions due to the negligence of any person other than the Company, including but not limited to the Customer or other common carriers connected to the Company's facilities;
- C. Interruptions due to the failure or malfunction of non-Company equipment;
- D. Interruptions of service during any period in which the Company is not given full and free access to its facilities and equipment for the purpose of investigating and correcting interruptions;
- E. Interruptions of service during any period in which the Customer continues to use the service on an impaired basis;
- F. Interruptions of service during any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements; and
- G. Interruption of service due to circumstances or causes beyond the control of the Company. When service is interrupted for a period of at least twenty-four (24) hours due to such factors as storms, fires, floods or other conditions beyond the control of the Company, an allowance of 1/30 of the tariff monthly rate for all services and facilities furnished by the Company rendered inoperative to the extent of being useless shall apply for each full twenty-four (24) hours during which the interruption continues after notice by the Customer to the Company.

REGULATIONS

2.7 Cancellation of Service

If a Customer terminates services before the completion of the term commitment for any reason whatsoever other than a service interruption (as defined in Section 2.6 above), the Customer agrees to pay to the Company termination liability charges, as defined below. These charges shall become due as of the effective date of the cancellation or termination and be payable within the period, set forth in Section 2.5.

Customer's termination liability for cancellation of service shall be equal to:

- 2.7.1 all unpaid Non-Recurring charges reasonably expended by Company to establish service to Customer; plus
- 2.7.2 any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by Company on behalf of Customer; plus
- 2.7.3 all Recurring Charges specified in the applicable Service Order for the balance of the then-current term commitment;

2.8 Transfers and Assignments

Neither the Company nor the Customer may assign or transfer its rights or duties in connection with the services and facilities provided by the Company without the written consent of the other party, except that the Company may assign its rights and duties:

- 2.8.1 to any subsidiary, parent company or affiliate of the Company; or
- 2.8.2 pursuant to any sale or transfer of substantially all the assets of the Company; or
- 2.8.3 pursuant to any financing, merger or reorganization of the Company.

REGULATIONS

2.9 Notices and Communications

- 2.9.1 The Customer shall designate on the Service Order an address to which the Company shall mail or deliver all notices and other communications, except that the Customer may also designate a separate address to which the Company's bills for service shall be mailed.
- 2.9.2 The Company shall designate on the Service Order an address to which the Customer shall mail or deliver all notices and other communications, except that Company may designate a separate address on each bill for service to which the Customer shall mail payment on that bill.
- 2.9.3 All notices or other communications required to be given pursuant to this tariff will be in writing. Notices and other communications of either party, and all bills mailed by the Company, shall be presumed to have been delivered to the other party on the third business day following placement of the notice, communication or bill with the U.S. Mail or a private delivery service, prepaid and properly addressed, or when actually received or refused by the addressee, whichever occurs first.
- 2.9.4 The Company or the Customer shall advise the other party of any changes to the addresses designated for notices, other communications or billing, by following the procedures for giving notice set forth herein.

2.10 Taxes, Surcharges and Fees

- 2.10.1 All state and local taxes (i.e., gross receipts tax, sales tax, municipal utilities tax) are listed as separate line items on the Customer's bill and are not included in the quoted rates and charges set forth in this tariff. To the extent that a municipality, other political subdivision or local agency of government, or Commission imposes upon and collects from the Company a gross receipts tax, sales tax, occupation tax, license tax, permit fee, rights-of-way fee, franchise fee, or other regulatory fee or tax, such fees and taxes shall, insofar as practicable and allowed by law, be billed pro rata to Customers receiving service from the Company within the territorial limits of such municipality, other political subdivision or local agency of government. It shall be the responsibility of the Customer to pay any such taxes and fees that subsequently become applicable retroactively.
- 2.10.2 The Company may adjust its rates and charges or impose additional rates and charges on its Customers in order to recover amounts it is required by governmental or quasi-governmental authorities to collect from or pay to others in support of statutory or regulatory programs.

REGULATIONS

2.11 Disputed Bills

2.11.1 In the event that a billing dispute occurs concerning any charges billed to the Customer by the Company, the Company may require the Customer to pay the undisputed portion of the bill to avoid discontinuance of service for non-payment. The Customer must submit a documented claim for the disputed amount. The Customer will submit all documentation as may reasonably be required to support the claim. All claims must be submitted to the Company within 90 days of receipt of billing for those services. If the Customer does not submit a claim as stated above, the Customer waives all rights to filing a claim thereafter.

2.11.2 Unless disputed, the invoice shall be deemed to be correct and payable in full by the Customer. If the Customer and the Company are unable to resolve the dispute to their mutual satisfaction, the Customer may refer the dispute to the PUC for resolution at Pennsylvania Public Utility Commission, Commonwealth Keystone Building, 400 North Street, Harrisburg, PA 17120 (phone number: 1-800-692-7380)

2.11.3 If the dispute is resolved in favor of the Customer and the Customer has withheld the disputed amount, no interest, credits or penalties will apply.

2.12 Tests, Pilots, and Contests

The Company may conduct special tests or pilot programs at its discretion to demonstrate the ease of use and quality of service. The Company may also waive a portion of or all processing fees or installation fees for winners of contests sponsored or endorsed by the Company. From time to time, the Company may waive all processing fees for a Customer.

2.13 Construction Charges and Other Special Charges

2.13.1 General

Construction charges, where applicable, are in addition to the established nonrecurring charges and monthly rates for the furnishing of service to the Customer.

2.13.2 Construction on Public Highways or Other Easements

The normal method of constructing distribution facilities, i.e., aerial or underground, will be determined by the Company or its underlying carrier according to the conditions in each case, except as provided for under "Extensions to Serve New Customers" in 2.13.4(A) following.

The ownership of poles used in the provision of telephone service is vested either in the Company, its underlying carrier, or in some other company with which the Company or its underlying carrier has a joint use agreement.

Normally, no charges apply for extending telephone plant along public roads, highways, rights-of-way or easements, except for Conditions Involving Special Consideration.

REGULATIONS

2.13 Construction Charges and Other Special Charges, (Cont'd.)

2.13.3 Construction on Private Property

A. Service Entrance Facilities

1. Charge Treatment for Construction Required for Changes to Existing Service Entrance Facilities

a. Change in Aerial Service Connection

Where it is necessary to remove or relocate the pole at which an aerial service connection terminates, the service connection will be re-established by the Company by the most practicable method, i.e., aerial or underground or a combination of both. Charges based on cost may apply for the work to be done except in those cases where the reason for change is beyond the control of the Customer and the service connection is re-established by the most practicable method. In this event, the service connection is normally re-established at no charge to the Customer.

b. Change in Underground Service Connection

Where it is necessary to remove or relocate the manhole at which an underground service connection terminates, the service connection will be re-established by the Company by the most practicable method, i.e., aerial or underground or a combination of both. Charges based on cost may apply for the work to be done except in those cases where the reason for the change is beyond the control of the Customer and the service connection is re-established by the most practicable method. In this event, the service connection is normally re-established at no charge to the Customer.

c. Change from Aerial to Underground or Underground to Aerial Construction at the Customer's request.

The charge treatment is based on cost plus, in all cases, the charge applicable to a new service connection of the facilities.

REGULATIONS

2.13 Construction Charges and Other Special Charges, (Cont'd.)

2.13.3 Construction on Private Property, (Cont'd.)

B. Construction Required for Service to An Additional Termination Point (ATP)

1. General

- a. A Customer's main telephone billing number must terminate at the Customer's Rate Demarcation Point (RDP). A Customer's RDP and ATP must be located on the same property. Only supplemental services, billed to the main billing number or billed separately to the same Customer at the same address, may be terminated at an ATP.
- b. A Customer may request multiple ATPs on the same or different floors in a single or multi-tenant building, or in the same or different buildings on a single or multi-tenant campus.
- c. If a Customer desires to have services terminated at an ATP, it is the Customer's responsibility to inform the Company that the service is to be terminated at the ATP. If the Customer fails to fulfill this responsibility, the requested installations of the network services will be terminated at the Customer's RDP.
- d. Eighty-five (85) percent of the cable capacity used to establish an ATP will be available for assignment of network facilities.
- e. The minimum size cable installed to provide service to an ATP will have a capacity of 100 pairs.
- f. A subsequent Customer, other than the Customer charged for the construction of the ATP at a location where an ATP exists, and choosing to have network services assigned to the ATP, will be charged an ICB charge.

REGULATIONS

2.13 Construction Charges and Other Special Charges, (Cont'd.)

2.13.3 Construction on Private Property, (Cont'd.)

B. Construction Required for Service to An Additional Termination Point (ATP), (Cont'd.)

2. Charge Treatment for Construction Required for Service to an ATP

- a. Construction of an ATP will be on an ICB basis.
- b. Charges based on cost apply to the construction of an ATP and are developed on the individual circumstances in each case.
- c. The cost of an ATP includes Company-provided maintenance, up to and including the NI.
- d. Reinforcement of ATP facilities will be at the Customer's expense.
- e. Charges for changes in aerial or underground service connections to an ATP are in accordance with this Section.

REGULATIONS

2.13 Construction Charges and Other Special Charges, (Cont'd.)

2.13.3 Construction on Private Property, (Cont'd.)

C. Maintenance and Repair

Circuits on private property, up to and including the RDP, are maintained and replaced at the expense of the Company except that:

1. Where repair or replacements are made necessary by damages caused by the Customer, his/her employees or representatives, or by water freezing in improperly drained conduit, or by any other circumstances over which the Customer has control, he/she will be required to bear the expense of the repairs or replacement, or if he/she desires, service will be established by means of the normal method of construction at the normal construction charge treatment. In the latter event, the charge applicable to a new service connection of the facilities also applies.
2. Where wire is buried in a trench provided by the Customer, and the Customer renders access to the circuits unusually expensive, e.g., lays a concrete walk or driveway over the circuits or places expensive shrubbery over them, he/she will be required to bear the unusual expense incurred in opening and closing the trench in connection with maintenance of the circuits, or if he/she desires, the Company will establish service by means of the normal method of construction at the normal method of construction at the normal construction charge treatment. In the latter event, the charge applicable to a new service connection of facilities also applies.
3. In connection with wire buried by the Company, where repairs or replacements are made necessary under circumstances similar to those in the preceding paragraph, such repairs or replacements will be made by the most practicable method, i.e., buried or aerial, as the case may be. If the most practicable method is aerial and the Customer desires underground, he/she must open and close the trench. Except where the customer opens and closes the trench, the charge applicable to a new service connection of the facilities also applies.

DESCRIPTION OF SERVICE

3.1 General

The Company will provide Local Exchange Service in the State of Pennsylvania as specified herein. The Company will provide services over its own facilities or will utilize the facilities, in whole or in part, of other telecommunications companies. Unless otherwise indicated, the service descriptions and rates provided herein apply to Resale Local Exchange Services and Facilities-Based Local Exchange Services

The Company's Local Exchange Services provide a Customer with a telephonic connection to, and a telephone number address on, the public switched telecommunications network. Each Exchange Access Service enables users to:

- A. receive calls from other stations on the public switched telecommunications network;
- B. access other services offered by the Company as set forth in this tariff;
- C. access certain interstate and international calling services provided by the Company;
- D. access (at no additional charge) the Company's operators and business office for service related assistance;
- E. access (at no additional charge) emergency services by dialing 0- or 9-1-1;
- F. access (at no additional charge) the telecommunications relay service (TRS) system by dialing 7-1-1; and
- G. access services provided by other common carriers that purchase the Company's switched access services as provided under the Company's Federal and State tariffs, or that maintain other types of traffic exchange arrangements with the Company.

Each Exchange Access Service is available on a "full" service basis, whereby service is delivered to a demarcation/connection block at the Customer's premises.

DESCRIPTION OF SERVICE

3.2 Exchange Service Areas – Verizon Pennsylvania, LLC

Originating Exchange	Local Calling Area <i>Unlimited Usage Package Local Calling Areas Include All Stations Bearing the Central Office Designations of the Exchanges and Zones Listed. DESCRIPTION OF SERVICE

3.3 Basic Local Service Offerings

3.3.1 Residential Local Exchange Service

Residential Local Exchange Service provides the Customer with a single, analog, voice-grade telephonic communications channel which can be used to place or receive one call at a time. Residential Local Exchange Service lines are provided for the connection of Customer-provided wiring, telephones, facsimile machines or other station equipment. An optional per line Hunting feature is available, for an additional charge, for multi-line Customers which routes a call to the next idle line in a prearranged group when the called line is busy.

Local exchange service lines and trunks are provided on a single party (individual) basis only. No multi-party lines are provided. Service is available on a flat rate, measured rate or message rate basis depending on the service plan selected by the Customer. Not all service plans will be available in all areas.

Recurring charges for Residential Local Exchange Service are billed monthly in advance. Usage charges, if applicable, are billed in arrears. Non-recurring charges for installation or rearrangement of service are billed on the next month's bill immediately following work performed by the Company.

DESCRIPTION OF SERVICE

3.3 Basic Local Service Offerings (Cont'd)

3.3.2 Business Local Exchange Service

Business Local Exchange Service provides the Customer with a single, analog, voice-grade telephonic communications channel which can be used to place or receive one call at a time.

Business Local Exchange Service lines are provided for the connection of Customer-provided wiring, telephones, facsimile machines or other station equipment. An optional per line Hunting feature is available, for an additional charge, for multi-line Customers which routes a call to the next idle line in a prearranged group when the called line is busy.

Local exchange service lines and trunks are provided on a single party (individual) basis only. No multi-party lines are provided. Service is available on a flat rate, measured rate or message rate basis depending on the service plan selected by the Customer. Not all service plans will be available in all areas.

Recurring charges for Business Local Exchange Service are billed monthly in advance. Usage charges, if applicable, are billed in arrears. Non-recurring charges for installation or rearrangement of service are billed on the next month's bill immediately following work performed by the Company.

DESCRIPTION OF SERVICE

3.3 Basic Local Service Offerings (Cont'd)

3.3.3 PBX Trunk Service

PBX Trunk service provides a Customer with a single, voice-grade telephonic communications channel which can be used to place or receive one call at a time. Trunks are provided for connection of Customer-provided private branch exchanges (PBX) or other station equipment to the public switched telecommunications network. An optional per trunk Hunting feature is available for Customers which routes a call to the next idle trunk in a prearranged group.

PBX Trunks are available as Inward, Outward or Two-Way combination trunks where services and facilities permit.

PBX Trunks may also be equipped with Direct Inward Dialing (DID) capability and DID number blocks for additional charges.

Recurring charges for PBX Trunk Service are billed monthly in advance. Usage charges, if applicable, are billed in arrears. Non-recurring charges for installation or rearrangement of service are billed on the next month's bill immediately following work performed by the Company.

DESCRIPTION OF SERVICE

3.3 Basic Local Service Offerings (Cont'd)

3.3.4 Direct Inward Dialing (DID) Service

Direct Inward Dialing ("DID") permits calls incoming to a PBX system or other Customer Premises Equipment to be routed to a specific station without the assistance of an attendant. DID calls are routed directly to the station associated with the called number. DID service as offered by the Company provides the necessary trunks, telephone numbers, and out-pulsing of digits to enable DID service at a Customer's location. DID service requires special PBX software and hardware not provided by the Company. Such hardware and software is the responsibility of the Customer.

DESCRIPTION OF SERVICE

3.4 Optional Calling Features

3.4.1 General

The features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability. Certain features may not be available with all classes of service. Transmission levels for calls forwarded or calls placed or received using optional calling features may not be acceptable for all some uses in some cases.

3.4.2 Feature Descriptions

- A. Call Forwarding Variable - Permits the end-user to automatically forward (transfer) all incoming calls to another telephone number, and to restore it to normal operation at their discretion. The end-user must dial an activation code from his/her exchange line along with the forward-to number in order to turn the feature on. A separate code is dialed by the end-user to deactivate the feature.
- B. Three Way Calling: Permits the end-user to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The end-user initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming.

DESCRIPTION OF SERVICE

3.4 Optional Calling Features (Cont'd)

3.4.2 Feature Descriptions (Cont'd)

- C. Call Waiting - Basic: Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. It permits the Customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting is provided with the feature and allows a Call Waiting end-user to disable the Call Waiting feature for the duration of a single outgoing telephone call. Cancel Call Waiting is activated by dialing a special code prior to placing a call, and is automatically deactivated when the Customer disconnects from the call.

- D. Speed Calling: Permits the Customer to place calls to other telephone numbers by dialing a one or two digit code rather than the complete telephone number. The feature is available as either an eight (8) code list or a thirty (30) code list. Code lists may include local and/or toll telephone numbers. The Customer has the ability to add or remove telephone numbers and codes to/from the a speed calling list without assistance from the Company.

- E. Call Forwarding Busy Line, Basic: Permits the forwarding of incoming calls when the end-user's line is busy. The forwarded number is fixed by the end-user service order.

- F. Call Forwarding Don't Answer, Basic: Permits the forwarding of incoming calls when the end-user's line remains unanswered after a pre-designated ringing interval. The ringing interval before forwarding and the forward-to number are fixed by the service order.

DESCRIPTION OF SERVICE

3.4 Optional Calling Features (Cont'd)

3.4.2 Feature Descriptions (Cont'd)

- G. Remote Call Forwarding - Remote Call Forwarding (RCF) is a local exchange telecommunications service feature whereby all calls dialed to a telephone number equipped for RCF are automatically forwarded to another dialable exchange or 8XX Service telephone number. The calling party pays only the applicable charges to call the number equipped with an RCF feature, while the RCF Customer pays the applicable charges for the forwarded portion of the call.

Remote Call Forwarding service is offered subject to availability of suitable facilities. Remote Call Forwarding service is not offered where the terminating station is a coin telephone. The Company will not provide identification of the originating telephone number to the RCF Customer. Transmission characteristics may vary depending on the distance and routing necessary to complete the remotely forwarded call. Therefore, the normal grade end-to-end transmission is not guaranteed on such calls.

Each Remote Call Forwarding feature allows for forwarding one call at a given time. An additional path is necessary for each additional call to be forwarded simultaneously.

- H. Multiple Directory Number Distinctive Ringing: This feature allows an end user to determine the source of an incoming call from a distinctive ring. The end user may have up to two additional numbers assigned to a single line (i.e. Distinctive Ringing - First Number and Distinctive Ringing - Second Number). The designated primary number will receive a normal ringing pattern, other numbers will receive distinctive ringing patterns. The pattern is based on the telephone number that the calling party dials.

DESCRIPTION OF SERVICE

3.4 Optional Calling Features (Cont'd)

3.4.2 Feature Descriptions (Cont'd)

- I. Call Return: allows the Customer to return a call to the last incoming call whether answered or not. Upon activation, it will re-dial the number automatically and continue to check the number every 45 seconds for up to 30 minutes if the number is busy. The Customer is alerted with a distinctive ringing pattern when the busy number is free. When the Customer answers the ring, the call is then completed. The calling party's number will not be delivered or announced to the call recipient under any circumstances.

- J. Repeat Dialing: Permits the end-user to have calls automatically re-dialed when the first attempt reaches a busy number. The line is checked every 45 seconds for up to 30 minutes and alerts the Customer with a distinctive ringing pattern when the busy number and the Customer's line are free. The Customer can continue to make and receive calls while the feature is activated. The following types of calls cannot be reached using Repeat Dialing:

- Calls to 800 Service numbers
- Calls to 900 Service numbers
- Calls preceded by an interexchange carrier access code
- International Direct Distance Dialed calls
- Calls to Directory Assistance
- Calls to 911

DESCRIPTION OF SERVICE

3.4 Optional Calling Features (Cont'd)

3.4.2 Feature Descriptions (Cont'd)

- K. Call Block: Allows the end-user to automatically block incoming calls from up to six end-user pre-selected telephone numbers programmed into the feature's screening list. Callers whose numbers have been blocked will hear a recorded message stating that their call has been blocked. The end-user controls when the feature is active, and can add or remove calling numbers from the feature's screening list.
- L. Call Tracing: Allows the tracing of nuisance calls to a specified telephone number suspected of originating from a given local office. The tracing is activated upon entering the specified dial code. The originating telephone number, outgoing trunk number or terminating number, and the time and date are generated for every call to the specified telephone number can then be identified.
- M. Caller ID - Basic: Permits the end-user to view a Directory Number of the calling party on incoming telephone calls. Information is displayed on a specialized CPE not provided by the Company. The feature also provides the date and time of each incoming call. It is the responsibility of the Customer to provide the necessary CPE.
- N. Caller ID - Deluxe: Permits the end-user to view a Directory Name and Directory Number of the calling party on incoming telephone calls. Information is displayed on a specialized CPE not provided by the Company. The feature also provides the date and time of each incoming call. It is the responsibility of the Customer to provide the necessary CPE. In some situations, the calling party's city and state may be displayed rather than a Directory Name, depending on available call data.
- O. Anonymous Call Rejection: Permits the end -user to automatically reject incoming calls when the call originates from a telephone number which has blocked delivery of its calling number (see Calling Number Delivery Blocking). When active, calls from private numbers will be routed to a special announcement then terminated. The feature may be turned on or off by the end-user by dialing the appropriate feature control code. Anonymous Call Rejection is offered as a stand alone feature or as an add-on to Caller ID Deluxe.
- P. Hunting: the Company offers basic "serial hunting," which defaults to the next available trunk within a group, when the prior trunk is busy.

DESCRIPTION OF SERVICE

3.4 Optional Calling Features (Cont'd)

3.4.3 Caller ID Blocking

A calling party may block the passage of his/her telephone number, associated main listed name and voiceback of calling identification information to users or subscribers to Optional Central Office Services which utilize Signaling System 7 (SS7) technology. Blocking will also prevent call completion through the use of Return Call (*69) Service. Customers have two blocking options as follows:

- A. Per-Call Blocking - To activate per-call blocking, a customer dials a special code prior to placing a call. Blocking will be activated for that outgoing call only. There is no charge for using per-call blocking, and it is provided on an unlimited basis. Per-call blocking is available to all customers in the Company's serving territory, or
- B. Per-Line Blocking - Per-Line Blocking must be added to a customer's line by contacting the Telephone Company's business office and having a service order issued. All calls are automatically blocked when a customer subscribes to Per-Line Blocking unless the blocking feature is deactivated. If a customer subscribes to Per-Line Blocking, he/she can deactivate blocking by dialing a special code prior to placing a call. Blocking will be deactivated for that outgoing call only. As facilities permit, a Per-Line Blocking customer will be provided with a separate code to deactivate blocking, which is different from the per call blocking code. Where this separate code is not available, the code for per-call blocking and the code to deactivate Per-Line Blocking will be the same. Per-Line Blocking is available to all customers in the Company's serving territory. Per-Line Blocking is provided without charge, except as discussed below.

Per-Line Blocking will be available to all customers, free of charge, in the Company's serving area and can only be added or removed from a customer's line by placing a service order with the Company. Initial requests for Per-Line Blocking will be provided at no charge. Subsequent requests for Per-Line Blocking for the same customer and telephone number at the same address may be charged the applicable non-recurring charge(s). This non-recurring charge will be waived for customers of the Company who are victims of domestic violence, the staffs of domestic violence programs and agencies, and emergency services personnel, while performing their jobs.

DESCRIPTION OF SERVICE

3.4 Optional Calling Features (Cont'd)

3.4.3 Caller ID Blocking (Cont'd)

Customers who use either per-call blocking or line blocking may be unable to complete calls to Caller ID subscribers who have activated the Anonymous Call Rejection feature (ACR) of Caller ID services. If a customer using blocking calls a Caller ID subscriber who has activated Anonymous Call Rejection, he/she will hear an announcement that the Caller ID subscriber is not accepting blocked calls. There are several ways to complete a call to a Caller ID subscriber who has activated Anonymous Call Rejection: (1) place the call through an operator; (2) place the call on the Company's network using a Company's telephone calling card; or (3) place the call without blocking. Options (1) and (2) involve charges in addition to the cost of the call. However, the live operator surcharge will be waived for the Company's customers who are victims of domestic violence, the staffs of domestic violence program agencies and emergency service personnel, while in the performance of their jobs. If the operator surcharge cannot be waived when the call is being placed, the Company will, upon notification, credit the live operator surcharge to the aforementioned party's telephone bill. Furthermore, should alternative methods become available in the future which permit the aforementioned to access the ACR party without revealing the caller's telephone number, the Company will waive any additional charges associated with such alternative methods. Blocked calls routed to the Anonymous Call Rejection (ACR) announcement will not be rated as completed calls.

Caller ID blocking will not prevent the delivery of telephone numbers to 911 emergency service providers. Caller ID blocking currently will not work for callers who place calls to 8xx, 900, and/or other information and message services carrying a specific charge billed to a caller by a local telephone company.

3.5 Directory Assistance and Listing Services

3.5.1 Directory Assistance

A Directory Assistance charge applies per local directory assistance call. The Customer may make two (2) requests for a telephone number per call. The Directory Assistance Charge applies regardless of whether the Directory Assistance operator is able to supply the requested number.

Residential customers have a four (4) free call allowance per line per month.

DESCRIPTION OF SERVICE

3.5 Directory Assistance and Listing Services (Cont'd)

3.5.2 Directory Listings

A. General

The following rules apply to basic listings in light face type in the white pages (alphabetical section) of the telephone directory and to the Directory Assistance records of the Company.

Only information necessary to identify the Customer is included in these listings. The Company use abbreviations in listings. The Company may reject a residential listing which is judged to be advertising. It may also reject a listing it judges to be objectionable. A name made up by adding a term such as Company, Shop, Agency, Works, etc. to the name of a commodity or service will not be accepted as a listing unless the subscriber is legally doing business under that name.

One basic listing for each individual line service, auxiliary line or PBX system is provided at no additional charge to the Customer. A basic listing includes a name, designation, address and telephone number of the Customer. It appears in the White Pages of the telephone directory and in the Company's Directory Assistance records.

A name may be repeated in the white pages only when only when a different address or telephone number is used.

DESCRIPTION OF SERVICE

3.5 Directory Assistance and Listing Services (Cont'd)

3.5.2 Directory Listings (Cont'd)

B. Nonpublished Service

Nonpublished service means that the Customer's telephone number is not listed in the directory, nor does it appear in the Company's Directory Assistance Records.

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a nonpublished number only when the caller dials direct or gives the operator number. No exceptions will be made, even if the caller says it is an emergency.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a nonpublished number in the directory or disclosing it to some. If, in error, the telephone number is published in the directory, the Company's only obligation is to credit or refund any monthly charges the Customer paid for nonpublished service.

The subscriber indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and save the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a nonpublished service or the disclosing of said number to any person.

DESCRIPTION OF SERVICE

3.5 Directory Assistance and Listing Services (Cont'd)

3.5.2 Directory Listings (Cont'd)

C. Nonlisted Service

Nonlisted service means that the Customer's telephone number is not listed in the directory, but does it appear in the Company's Directory Assistance Records.

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a nonlisted number.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a nonlisted number in the directory or disclosing it to some. If, in error, the telephone number is listed in the directory, the Company's only obligation is to credit or refund any monthly charges the Customer paid for nonlisted service.

The subscriber indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and save the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a nonlisted service or the disclosing of said number to any person.

DESCRIPTION OF SERVICE

3.6 Local Operator Services

3.6.1 Local Operator Handled Calling Services are provided to Customers and Users of Company-provided Exchange Access Service. Per call charges which reflect the level of operator assistance and billing arrangement requested by the Customer apply in addition to any other applicable local usage charges.

3.6.2 Operator Service Call Types

- A. Customer Dialed Calling/Credit Card Call - This charge applies in addition to local usage charges for station to station calls billed to an authorized Calling Card or Commercial Credit Card. The Customer must dial the destination telephone number and card number where the capability exists for the Customer to do so.
- B. Operator Dialed Calling/Credit Card Call - This charge applies in addition to local usage charges for station to station calls billed to an authorized Calling Card or Commercial Credit Card and the operator dials the destination telephone number at the request of the Customer.
- C. Operator Station - These charges apply in addition to local usage charges for non-Person-to-Person calls placed using the assistance of a Company operator and billed to the originating line, Collect, to a Third Party, by deposit of coins in Pay Telephones, or via some method other than a Calling Card or Commercial Credit Card.
- D. Person-to-Person - This charge applies in addition to local usage charges for calls placed with the assistance of a Company operator to a particular party at the destination number. This charge applies regardless of billing method, including but not limited to billing to the originating line, a Calling Card, Commercial Credit Card, Collect, by deposit of coins in Pay Telephones, or to a Third Party. Charges do not apply unless the specified party or an acceptable substitute is available.

DESCRIPTION OF SERVICE

3.6 Local Operator Services (Cont'd)

3.6.3 Available Billing Arrangements

- A. Bill to Line - A billing arrangement whereby the originating caller may bill the charges for a call to the Company-provided local exchange line from which the call is placed. The terms and conditions of the Company apply to payment arrangements.
- B. Calling Card - A billing arrangement whereby the originating caller may bill the charges for a call to an approved LEC-issued calling card. The terms and conditions of the local exchange carrier apply to payment arrangements.
- C. Collect Billing - A billing arrangement whereby the originating caller may bill charges for a call to the called party, provided the called party agrees to accept the charges. The terms and conditions of the called party's local exchange company apply to payment arrangements.
- D. Commercial Credit Card - A billing arrangement whereby the originating caller may bill the charges for a call to an approved commercial credit card. The terms and conditions of the credit card company apply to payment arrangements.
- E. Third Party Billing - A billing arrangement by which the charges for a call may be billed to a telephone number that is different from the calling number and the called number. The terms and conditions of the third party's local exchange company apply to payment arrangements.

DESCRIPTION OF SERVICE

3.6 Local Operator Services (Cont'd)

3.6.4 Busy Line Verification and Line Interrupt Service

Upon request of a calling party the Company will verify a busy condition on a designated local service line. The operator will determine if the line is clear or in use and report to the calling party. At the request of the Customer, the operator will interrupt the call on the busy line. Busy Line Interruption is only permitted in cases where the calling party indicates an emergency exists and requests interruption.

No charge will apply when the calling party advises that the call is to or from an official public emergency agency. Busy Verification and Interrupt Service is furnished where and to the extent that facilities permit.

DESCRIPTION OF SERVICE

3.8 Integrated Services Digital Network (ISDN) Primary Rate Interface (PRI)

Integrated Services Digital Network (ISDN) is a set of transmission protocols that provides end-to-end digital connectivity and integration of voice, data and video, on a single Subscriber loop to support a wide variety of services via the public switched network. The Primary Rate Interface (PRI) consists of a 23B+D configuration with 23 64Kbps Bearer (B) digital channels and one 64 Kbps Data (D) digital channel. The B channels are designed for voice, data, image and sound transmissions. B channels can support synchronous, asynchronous or isochronous services at rates up to 64 Kbps. B channels can be aggregated for higher bandwidth applications. The D channel PRI provides the out of band signaling, call control and messaging.

PRI is provided through standard four wire DS-1 (1.544Mbps) point to point, private line facilities that enables Subscriber control of the 24 individual channels. PRI supports 1+, 0+, 7 digit and 10 digit IntraLATA and InterLATA services, as well as 01+ and 011+ international calling. PRI allows Subscribers to direct InterLATA voice, data and video over the Public Switched Telephone Network to the pre-subscribed IXC carrier of their choice, as well as 10XXX casual dialing. PRI also allows access to Public Switched Network services, such as Two-Way, Incoming Only, Outgoing Only and DID.

Multiple PRI interfaces can be combined to function as one group. Utilizing a Backup D Channel arrangement, Subscribers are able to link up 20 DS-1s together, providing a maximum of 479 64Kbps B Channels controlled by a single D (signaling) channel.

RATES

4.1 Application of Rates and Charges

All services offered in this tariff are subject to Service Order, Nonrecurring, Monthly Recurring, and Usage Charges.

4.1.1 Call Timing for Usage Sensitive Services

Where charges for a service are specified based on the duration of use, such as the duration of a telephone call, the following rules apply:

- A. Calls are measured in durational increments identified for each service. All calls which are fractions of a measurement increment are rounded-up to the next whole unit.
- B. Timing on completed calls begins when the call is answered by the called party. Answering is determined by hardware answer supervision in all cases where this signaling is provided by the terminating local carrier and any intermediate carrier(s).
- C. Timing terminates on all calls when the calling party hangs up or the Company's network receives an off-hook signal from the terminating carrier.
- D. Calls originating in one time period and terminating in another will be billed in proportion to the rates in effect during different segments of the call.
- E. All times refer to local time.

RATES

4.1 Application of Rates and Charges (Cont'd)

4.1.2 Distance Calculations

Where charges for a service are specified based upon distance, the following rules apply:

A. Distance between two points is measured as airline distance between the rate centers of the originating and terminating telephone lines. The rate center is a set of geographic coordinates, as referenced in Local Exchange Routing Guide, associated with each NPA-NXX combination .

B. The airline distance between any two rate centers is determined as follows:

Step 1: Obtain the "V" (vertical) and "H" (horizontal) coordinates for each Rate Center from the above-referenced Bellcore document.

Step 2: Compute the difference between the "V" coordinates of the two rate centers; and the difference between the two "H" coordinates.

Step 3: Square each difference obtained in step (b) above.

Step 4: Add the square of the "V" difference and the square of the "H" difference obtained in step C) above.

Step 5: Divide the sum of the squares by 10. Round to the next higher whole number if any fraction is obtained.

Step 6: Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.

C. The formula for distance calculations is:

$$\sqrt{\frac{(V_1V_2)^2 + (H_1H_2)^2}{10}}$$

RATES

4.1 Application of Rates and Charges (Cont'd)

4.1.3 Rate Periods for Time of Day Sensitive Services

- A. For time of day, usage sensitive services, the following rate periods apply unless otherwise specified in this tariff:

	MON	TUES	WED	THUR	FRI	SAT	SUN
8:00 AM TO 5:00 PM*	DAYTIME RATE PERIOD						
5:00 PM TO 11:00 PM*	EVENING RATE PERIOD						EVE
11:00 PM TO 8:00 AM*	NIGHT/WEEKEND RATE PERIOD						

* Up to but not including.

Peak - 9:00 AM to, but not including 9:00 PM M-F (excluding holidays)

Off-Peak - All other times.

- B. Calls are billed based on the rate in effect for the actual time period(s) during which the call occurs. Calls that cross rate period boundaries are billed the rates in effect in that boundary for each portion of the call, based on the time of day at the Customer location.
- C. For services subject to holiday discounts, the following are Company recognized national holidays, determined at the location of the calling station. The evening rate is used on national holidays, unless a lower rate normally would apply.

New Year's Day	January 1
Memorial Day	As Federally Observed
Independence Day	July 4
Thanksgiving Day	As Federally Observed
Christmas Day	December 25

RATES

4.1 Application of Rates and Charges (Cont'd)

4.1.4 Discounted Pricing Plans

[Reserved for Future Use]

RATES

4.2 Service Charges and Surcharges

4.2.1 Service Order Charges

Service Order Charges apply for changes in service and for additions to service. Service Order Charges are in addition to all other applicable nonrecurring charges identified in this tariff.

	<u>Business</u>	<u>Residential</u>
Connect new or additional access lines	\$58.56	\$28.25
For moves, changes or additions	\$20.19	\$16.00
Record type change	\$16.15	\$10.50
Change of existing CO access line	\$ 6.06	\$ 5.00

4.2.2 Maintenance Visit Charges

Maintenance Visit Charges apply when the Company dispatches personnel to a Customer's premises to perform work necessary for installing new service, effecting changes in service or resolving troubles reported by the Customer when the trouble is found to be caused by the Customer's facilities.

Maintenance Visit Charges will be credited to the Customer's account in the event trouble is not found in the Company facilities, but the trouble is later determined to be in those facilities.

	<u>Business</u>	<u>Residential</u>
Per Premises Visit	\$19.18	\$14.50

4.2.3 Restoration of Service

A restoration charge applies to the restoration of suspended service and facilities because of nonpayment of bills and is payable at the time that the restoration of the suspended service and facilities is arranged. The restoration charge does not apply when, after disconnection of service, service is later re-installed.

	<u>Business</u>	<u>Residential</u>
Per occasion	\$22.25	\$22.25

RATES

4.3 Basic Local Service Rates

4.3.1 Residential Local Exchange Service

A. Monthly Recurring Charges

The following charges apply to Residential Local Exchange Service lines per month. The rates and charges below apply to service provided on a month-to-month basis. Customers receive unlimited calling within their local calling area.

Local Service	<u>Monthly</u> \$18.00
---------------	---------------------------

4.3.2 Business Local Exchange Service Lines

A. Monthly Recurring Charges

The following charges apply to Business Local Exchange Service lines per month. The rates and charges below apply to service provided on a month-to-month basis. Customers receive unlimited calling within their local calling area.

Local Service	<u>Monthly</u> \$30.00
---------------	---------------------------

4.3.3 PBX Trunk Service

A. Trunk Charges

The following charges apply to PBX Trunk Service lines per month. The rates and charges below apply to service provided on a month-to-month basis. Customers receive unlimited calling within their local calling area.

Local Service	<u>Monthly</u> \$50.00

RATES

4.3 Basic Local Service Rates (Cont'd)

4.3.3 PBX Trunk Service (Cont'd)

B. Direct Inward Dialing (DID) Service

The following charges apply to Customers subscribing to DID service provided by the Company. These charges are in addition to recurring and nonrecurring charges for PBX Trunks as shown in this tariff. The Customer will be charged for the number of DID Number Blocks (20 numbers per block) regardless of the number of DID numbers utilized out of the available 20 numbers.

	Installation Charge	Monthly Recurring
Establish Trunk Group and Provide 1st Block of 20 DID Numbers	\$400.00	\$20.00
Each Additional Block of 20 DID Numbers	\$20.19	\$20.00

RATES

4.4 Optional Calling Features

4.4.1 Features Offered on a Usage Sensitive Basis

The Customer will be billed the Per Feature Activation Charge shown in the following table each time the feature is used by the Customer. Customers may subscribe to these features on a monthly basis to obtain unlimited use of the feature for a fixed monthly charge.

Optional Calling Features	Residential	Business
Three-Way Calling	\$0.75	\$0.75
Call Return	\$0.75	\$0.75
Repeat Dialing	\$0.75	\$0.75
Call Tracing (Per successful trace, nonsubscription)	\$1.00	\$1.00
Calling Number Delivery Blocking, Per Call	No Charge	No Charge

RATES

4.4 Optional Calling Features (Cont'd)

4.4.2 Features Offered on Monthly Basis

The following optional calling features are offered to Customers on a monthly basis. Customers are allowed unlimited use of each feature. No usage sensitive charges apply. Multiline Customers must order the appropriate number of features based on the number of lines which will have access to the feature. A Secondary Service Order Charge applies per order subsequent to the initial establishment of local exchange service.

Optional Calling Features (Group 1)	Business	Residenti
Call Waiting	\$7.65	\$4.59
Call Forwarding Variable	\$2.69	\$2.30
Three Way Calling	\$2.66	\$2.30
Speed Calling (8-code)	\$2.69	\$2.30
Speed Calling (30-code)	\$3.84	\$3.43
Call Forwarding Busy Line	\$2.60	\$2.00
Call Forwarding Don't Answer	\$2.60	\$2.00
Call Block	\$6.06	\$4.04
Call Return	\$6.00	\$4.00
Repeat Dialing	\$6.00	\$2.00
Preferred Call Forwarding	\$6.06	\$4.04

High Speed Packet Switched	\$25.00	\$25.00
Low Speed Packet Switched	\$15.00	\$15.00

RATES

4.8 Toll Presubscription

4.8.1 Toll Presubscription is a procedure whereby a customer designates to the Telephone Company the IntraLATA and InterLATA Toll Providers, i.e., Interexchange Carriers (IXCs) which the customer wishes to be the carriers of choice for toll calls. Such calls are automatically directed to the designated carrier(s) without the need to use carrier access codes or additional dialing to direct the calls to the designated carrier. Toll presubscription does not prevent a customer, who has presubscribed to a toll carrier, from using carrier access codes or additional dialing to direct calls to an alternative toll carrier on a per call basis.

Each carrier will have one or more access codes assigned to it for various types of service. When an end user selects a carrier as its preferred IXC, only one access code of that carrier may be incorporated into the switching system of the Telephone Company permitting access to that carrier by the end user without dialing an access code. Should the same end user wish to use other services of the same carrier, it will be necessary for the end user to dial the necessary access code(s) to reach that carrier's other service(s).

An IXC must use Feature Group D (FGD) Switched Access Service to qualify as a presubscription toll provider unless prior arrangements have been made with or by the Telephone Company. IXCs must submit an Access Service Request (ASR) to the Telephone Company.

Selection of toll presubscription provider by an end user is subject to the terms and conditions following.

4.8.2 At the option of the IXCs, the nonrecurring charge for a change in toll presubscription, as provided herein, may be billed to the IXCs, instead of the end user. This may involve charges resulting from end-user initial free choice Preferred Interexchange Carrier (PIC), as specified in C.1 following.

4.8.3 Presubscription Charge Application

A. End user choices for toll presubscription:

- Designating an intraLATA and interLATA IXC(s) as primary carrier(s) thereby requiring no access code to access those IXCs' service. End users are not required to choose the same IXC for intraLATA and interLATA toll presubscription. Other nonpresubscribed IXCs are accessed by dialing 10XXX, 101XXXX, or other required codes.
- Choosing no carrier as a primary carrier thus requiring 10XXX or 101XXXX code dialing to access all IXCs.

RATES

4.8 Toll Presubscription (Cont'd)

4.8.3 Presubscription Charge Application (Cont'd)

- B. If a new customer cannot decide upon presubscription IXCs, the Telephone Company may extend a 30-day period following completion of the initial service request to make a choice without charge. In the interim, the customer will be assigned as a 'No-PIC' and must dial an access code to make toll calls.
- C. If an IXC elects to discontinue Feature Group, the IXC is obligated to contact, in writing, all end users who have selected the canceling IXC as their preferred toll provider. The IXC must inform the end users that it is canceling its Feature Group D Service, request that the end user select a new IXC, and state that the canceling IXC will pay the PIC change charge as provided herein. The IXC must provide written notification to the Telephone Company that this activity has taken place.

Following the IXC's discontinuance of service, the Telephone Company will bill the canceling IXC the change charge for each end user that is currently designated to the IXC at the time of discontinuance.

- D. An unauthorized PIC change is a change in the presubscribed IXC that the end user denies authorizing. PIC disputes for end users are resolved through an investigative process.

If an unauthorized change in toll presubscription occurs, the IXC making the unauthorized change will be assessed a charge for unauthorized change in presubscription as provided at the end of this section. In addition, the IXC will be assessed the applicable charge for returning the end user to the preferred IXC.

RATES

4.8 Toll Presubscription (Cont'd)

4.8.4 End User Charge Discrepancy (Cont'd)

4.8.4 End User Charge Discrepancy

- A. When a discrepancy is determined regarding an end user's designation of a presubscription IXC, the following applies depending upon the situation described:
- A signed letter of authorization takes precedence over any order other than subsequent, direct customer contact with the Telephone Company.
 - When two or more orders are received for an end user line generated by telemarketing, the date field on the mechanized record used to transmit PIC change information will be used as the PIC authorization date. The order with the latest application date/time determines customer choice.
 - If an end user denies requesting a change in toll presubscription as submitted by an IXC, and the IXC is unable to produce a letter of authorization, signed by the end user, the IXC will be assessed all applicable change charges. The nonrecurring change charges are provided herein. The IXC will also be assessed the presubscription change charge as specified herein, which was previously billed to the end user.
- B. Verification of Orders for Telemarketing
- Neither the IXC or the Telephone Company shall submit a PIC change order generated by outbound telemarketing unless and until the order has first been confirmed in accordance with the F.C.C.'s current anti-slamming practices and procedures.

RATES

4.8 Toll Presubscription (Cont'd)

4.8.5 PIC Switchback Option-Business/Residence

PIC Switchback is an option under which no investigation activities are performed by the Telephone Company when an end user denies requesting a change in primary toll carrier submitted by the IXCs. The IXC participating in PIC Switchback will be billed the PIC Switchback Charge, and the presubscription change charge, as specified herein, to switch the end user to the end user's previous carrier.

When the Telephone Company is contacted by an end user who denies requesting a change in primary toll carrier, the end user will be credited the charge assessed for the disputed change in carrier, and will be switched back to the previous IXC at no charge. If this service is made available by the Telephone Company, IXCs may subscribe to or cancel PIC Switchback Service on 30 days notice to the Telephone Company by submitting a written request. A letter of authorization from the IXC will not be requested or accepted at a later date in the event of dispute of the charges assessed under the PIC Switchback option.

This option in no way relieves an IXC of the F.C.C. requirements for verifying all PIC orders obtained by outbound telemarketing prior to submitting those orders, or instituting steps to obtain verification of orders submitted to the Telephone Company.

In addition, the end user has the option of initiating a complaint to the F.C.C. or the Pennsylvania Public Utility Commission's Bureau of Consumer Services concerning unauthorized changes in toll presubscription.

4.8.6 Presubscription Charges

A. Application of Charges

After a Customer's initial selection for a presubscribed toll carrier and as detailed in Paragraph 4.4.4 above, for any change thereafter, an Presubscription Change Charge, as set for the below will apply. Customers who request a change in intraLATA and interLATA carriers with the same order will be assessed a single charge per line.

B. Nonrecurring Charges

	<u>Per business or residence Line, trunk, or port</u>
Initial Line, Trunk, or Port	\$5.00
Additional Line, Trunk, or Port	\$5.00

SPECIAL ARRANGEMENTS

5.1 Contract Arrangements

At the option of the Company, services may be offered on a contract basis to meet specialized pricing requirements of the Customer not contemplated by this tariff. The terms of each contract shall be mutually agreed upon between the Customer and Company and may include discounts off of rates contained herein and waiver of recurring, nonrecurring, or usage charges. The terms of the contract may be based partially or completely on the term and volume commitment, type of access arrangement, mixture of services, or other distinguishing features. Service shall be available to all similarly situated Customers for a fixed period of time following the initial offering to the first contract Customer as specified in each individual contract.

5.2 Special Assembly Arrangements

Services and arrangements shall occasionally be developed on Special Assembly basis in response to requests of the Customer for unique services or arrangements. Rates for Special Assembly arrangements will be developed on a case-by-case basis in response to a bona fide request from a customer or prospective customer for service that varies from tariffed arrangements. Special Assembly rates will be offered to customers in writing and will be made available to similarly situated customers.

5.3 Promotional Programs

The Company may, from time to time, offer services in this tariff at special promotional rates and/or terms. Such promotional arrangements shall be filed as a tariff supplement with a duration not to exceed six months in any rolling 12-month period which commences as of the effective date of the filed promotion.
